

# What we spotted at Decorex 2024: trends and new launches

*Posted on 10th October 2024*

**Turnstyle Designs** has also launched the Plinth collection, which joins the brand's wide variety of door, cabinet and window hardware. It includes door levers, pulls and cabinet handles, each available to customise with solid or hand-hammered brass, the brand's own material creation, Amalfine™, or using beautiful hand-stitched Italian saddle leather.

We certainly feel inspired after visiting the design show – and we hope this edit gave you a few ideas for your own project, too! To check out editor Georgina's top Decorex 2024 picks, [click here](#).
